

Project Architect

Description

Hennebery Eddy Architects seeks a highly skilled project architect with 6-12 years of relevant experience. This individual will be responsible for developing design solutions, project details and technical alternatives, and will take a hands-on role in leading client, public, and stakeholder meetings. Project architects are expected to translate the design direction of a project into a thoughtfully crafted expression of the design goals and programmatic requirements, while reflecting the firm's core values and fostering our collaborative culture.

Responsibilities

- Program development, initiating design concepts, regulatory coordination, and leading development of design and technical aspects of projects through construction documents and construction.
- Organizing, preparing, and presenting design and technical solutions in a client context.
- Developing and maintaining strong client relationships and participating in business development efforts.
- Managing client expectations, team communication, and consultant coordination.
- Flexibility to focus on a single client with a variety of project types, or multiple, concurrent projects in various stages of development.
- Contribute to office culture, initiatives, and learning programs.

Qualifications

- Architectural license.
- LEED Accreditation.
- Evidence of strong design, organizational, and technical skills.
- Advanced design, visual, and graphic presentation skills, including hand sketching ability.
- Proficiency in the use of 2D/3D software, including Revit, Photoshop, InDesign, Illustrator, and Bluebeam.
- Experience leading design and documentation efforts on a minimum of two \$5 million-plus projects (these projects must have been completed in Revit).
- Mature design skills and a fundamental understanding of various construction types resulting in well thought-out details.
- Ability to foster innovation in design, construction technology, and sustainable design.
- Collaboration skills and ability to work effectively with clients, consultants, contractors, and jurisdictions.
- Excellent time management, project planning, and communication skills.
- A minimum of three references, two of which must have been clients.

About Hennebery Eddy

Hennebery Eddy Architects is driven by the values of the Pacific Northwest: simplicity, efficiency, and beauty. During our 26-year history, we have made a significant impact on our region's built environment. The firm's projects fall in four primary market sectors: academic, civic + cultural, commercial, and aviation + transit. Our work includes comprehensive architectural services, interior design, planning, sustainable design, and historic preservation characterized by well-crafted, thoughtfully detailed designs that respect their sites and strengthen their context.

We aspire to design net-positive solutions through healthy, efficient, and adaptive spaces that are responsive to our clients, the environment, and the people who use them. The result is a net-positive outcome for the greater community. As a JUST™ Organization, we are passionate about making a positive contribution to our greater environment and the human situation through designing places where people gather, work, live, and recreate. Our design approach is grounded in our core values, and uses a collaborative process with principals, associates and interns working together in an open studio.

This approach has resulted in more than 50 design awards, including national, regional, and local recognition. In the past year, we worked on the designs of our largest, most sustainable projects to date, by our most diverse staff to date; these accomplishments are reflected in our debut at No. 31 on the Architect 50, being named one of the 100 Best Green Workplaces in Oregon by Oregon Business, and receiving the AIA Northwest and Pacific Region firm award. Please visit www.henneberyeddy.com for additional firm information.

Benefits

Hennebery Eddy offers a comprehensive benefits package. Along with competitive health plan options, flexible paid time off, and retirement savings contributions, we offer benefits that support our employees' personal and professional lives and foster our firm culture. These offerings include alternative transportation subsidies, secure bike storage and changing/shower facilities, community engagement opportunities and paid volunteering days, a community service scholarship, a sabbatical program, and substantial financial support for professional development, licensure, certification, and training.
