

Design Staff

Description

Hennebery Eddy Architects seeks an architectural designer with 1-3 years of relevant experience. This individual will help develop and document design solutions, project details and technical alternatives, and will support project team members, including project architects, managers, and principals, in preparing for client, public, and stakeholder meetings. Design staff members are expected to contribute to the design direction of a project while reflecting the firm's core values and fostering our collaborative culture.

Responsibilities

- Participate in program development, research and draft design concepts, assist with regulatory coordination, and help implement development of design and technical aspects of projects through construction documents and construction.
- Organizing, preparing, and presenting design and technical solutions in a client context.
- Support client relationship development and business development efforts.
- Coordinate internal team communication and consultant schedule coordination.
- Flexibility to focus on a single client with a variety of project types, or multiple, concurrent projects in various stages of development.
- Contribute to office culture, initiatives, and learning programs.

Qualifications

- Pursuit of architectural license.
- LEED Accreditation.
- Evidence of strong design, organizational, and technical skills.
- Design, visual, and graphic presentation skills, including hand sketching ability.
- Proficiency in the use of 2D/3D software, including Revit, Photoshop, InDesign, Illustrator, and Bluebeam.
- Evolving design skills and a fundamental understanding of various construction types resulting in well thought-out details.
- Demonstrated interest in design innovation, construction technology, and sustainable design.
- Collaboration skills and ability to work effectively with clients, consultants, contractors, and jurisdictions.
- Excellent time management, project planning, and communication skills.
- A minimum of three references.

About Hennebery Eddy

Hennebery Eddy Architects is driven by the values of the Pacific Northwest: simplicity, efficiency, and beauty. During our 26-year history, we have made a significant impact on our region's built environment. The firm's projects fall in four primary market sectors: academic, civic + cultural, commercial, and aviation + transit. Our work includes comprehensive architectural services, interior design, planning, sustainable design, and historic preservation

characterized by well-crafted, thoughtfully detailed designs that respect their sites and strengthen their context.

We aspire to design net-positive solutions through healthy, efficient, and adaptive spaces that are responsive to our clients, the environment, and the people who use them. The result is a net-positive outcome for the greater community. As a JUST™ Organization, we are passionate about making a positive contribution to our greater environment and the human situation through designing places where people gather, work, live, and recreate. Our design approach is grounded in our core values, and uses a collaborative process with principals, associates and interns working together in an open studio.

This approach has resulted in more than 50 design awards, including national, regional, and local recognition. In the past year, we worked on the designs of our largest, most sustainable projects to date, by our most diverse staff to date; these accomplishments are reflected in our debut at No. 31 on the Architect 50, being named one of the 100 Best Green Workplaces in Oregon by Oregon Business, and receiving the AIA Northwest and Pacific Region firm award. Please visit www.henneberyeddy.com for additional firm information.

Benefits

Hennebery Eddy offers a comprehensive benefits package. Along with competitive health plan options, flexible paid time off, and retirement savings contributions, we offer benefits that support our employees' personal and professional lives and foster our firm culture. These offerings include alternative transportation subsidies, secure bike storage and changing/shower facilities, community engagement opportunities and paid volunteering days, a community service scholarship, a sabbatical program, and substantial financial support for professional development, licensure, certification, and training.
